MEMO

TO: DONALD C. NORSETH  
FROM: HAROLD D. DONALDSON  
DATE: JULY 6, 1971  
RE: Distribution of West Fork of Beaver Creek, Summit  
County - W.U.C. 41-1413, Change Application a-5089

Keith Smith from Lonetree, Wyoming called and complained that the Lyman Grazing Association was taking water out of the New Hickey Ditch and very little water was allowed to flow down to satisfy his rights.

He estimated there was 8 or 9 cfs at the diversion point and  $1\frac{1}{2}$  cfs getting down to his property. He pointed out that there is a Supreme Court decision that substantiates his rights in the ditch and that to his knowledge the Lyman Grazing Association has no rights in the ditch.

I have attached a copy of the Supreme Court decision to your file on Lyman Grazing Association vs Smith. I examined our office files and find that there was a temporary Change Application filed by the Lyman Grazing Association in 1966. It was approved with qualifications (none of which were met) and since that time they filed a Change Application a-5089 which was advertised but to date our office has taken no further action on this application.

I told Mr. Smith that I would tell you about his call and have you contact him when you returned to the office. He said the new commissioner, Mr. Sadlier, was unfamiliar with the problem and to date he has not talked to him.

Keith Smith's phone number is 307-782-3887, Lonetree, Wyoming.
